For purposes of this order, the Territory of Alaska shall be considered as outside the continental limits of the United States.

FRANKLIN D. ROOSEVELT

THE WHITE HOUSE,
November 6, 1942.

EXECUTIVE ORDER

AMENDING EXECUTIVE ORDER NO. 9265 OF NOVEMBER 6, 1942, ESTABLISHING THE AMERICAN, EUROPEAN-AFRICAN-MIDDLE EASTERN, AND ASIATIC-PACIFIC CAMPAIGN MEDALS

By virtue of the authority vested in me as President of the United States and as Commander in Chief of the Army and Navy of the United States, it is hereby ordered as follows:

1. The European-African-Middle Eastern Campaign Medal shall not be awarded for any service rendered subsequent to November 8, 1945.

2. The American Campaign Medal and the Asiatic-Pacific Campaign Medal shall not be awarded for any service rendered subsequent to March 2, 1946.

3. Effective October 12, 1945, members and former members of the land and naval forces of the United States, including the Women's Reserve of the United States Naval Reserve, and former members of the Women's Army Auxiliary Corps, who served in the continental United States for an aggregate period of one year between December 7, 1941, and March 2, 1946, inclusive, may be awarded the American Campaign Medal under such regulations as the Secretary of War and Secretary of the Navy may severally prescribe.

4. Executive Order No. 9625 of November 6, 1942, establishing the American, European-African-Middle Eastern, and Asiatic-Pacific campaign medals, is amended accordingly.

HARRY S. TRUMAN.

THE WHITE HOUSE,
March 15, 1946.

3. The geographical definitions of the respective areas are defined as follows:

AMERICAN AREA

East boundary.—From the North Pole, south along the 75th meridian west longitude to the 77th parallel north latitude, thence southeast through Davis Strait to the intersection of the 40th parallel north latitude and the 35th meridian west longitude, thence south along that meridian to the 10th parallel north latitude, thence southeast to the intersection of the equator and the 20th meridian west longitude, thence along the 20th meridian west longitude to the South Pole. West boundary—From the North Pole, south along the 141st meridian west longitude to the east boundary of Alaska, thence south and southeast along the Alaskan boundary to the Pacific Ocean, thence south along the 130th meridian to its intersection with the 30th parallel north latitude, thence southeast to the intersection of the equator and the 100th meridian west longitude, thence south along the 100th meridian west longitude to the South Pole.

EUROPEAN-AFRICAN-MIDDLE EASTERN AREA

East boundary.—From the North Pole, south along the 60th meridian east longitude to its intersection with the eastern border of Iran, thence south along that border to the Gulf of Oman and the intersection of the 60th meridian east longitude, thence south along the 60th meridian east longitude to the South Pole. West boundary—Coincident with the east boundary of the American Area.

East boundary.—Coincident with the west boundary of the American Area. West boundary—Coincident with the east boundary of the European-African-Middle Eastern Area.

4. Appropriate area campaign medals as defined above are authorized for all personnel of the Navy, Marine Corps, and Coast Guard who, during the period from 7 December 1941 to the terminal date designated above for each medal, shall have served in the prescribed area under any one of the following conditions:

(a) *Sea Duty.*—Attached to and serving on board a vessel of the Navy, or Coast Guard, or upon other vessel to which regularly assigned for duty, in the designated area, or as a member of an organization being transported for duty in an area aboard such vessels, for a period of thirty (30) days. This service need not be continuous nor in the same vessel.

(b) *Shore Duty.*—Attached to and regularly serving on shore in a designated area for a period of thirty (30) days except in the continental United States where the requirement is one (1) year. Such service need not be continuous nor in the same locality but must be within the designated area.

(c) Any combination of (a) and (b) above that will aggregate the prescribed time in a designated area.

(d) *Patrols.*—Service in patrol vessels or aircraft operating in or above ocean waters, provided the individual has been attached to such units for a period of thirty (30) days and has performed regularly required patrols for an accumulated period of thirty (30) days. This provision is applicable even though the base from which such vessels or aircraft operate is within the continental limits of the United States.

(e) *Combat.*—In all cases wherein a vessel, aircraft, or other unit engages in combat with, attacks, or is attacked by enemy forces, all personnel serving in the vessel, aircraft, or other unit shall immediately become eligible for the appropriate campaign medal without reference to the thirty (30) day provision above. However, the certain presence of enemy forces, especially in the case of an enemy submarine, shall be established before this provision shall apply.

(f) *Hazardous Duty.*—The engagement in any service in a designated area which, in the opinion of the appropriate Fleet or Frontier Commander or Commandant, United States Marine Corps, is equally as hazardous as combat duty shall render the individuals concerned immediately eligible for the appropriate area medal without reference to any time limitation. This provision shall apply to such operations as mine recovery and disposal, bomb disposal, etc., or equally hazardous operations.

(g) *Passengers.*—No individual en route in a purely passenger status, i. e., observer, visitor, courier or escort, shall become eligible for any area campaign medal unless he or the means of conveyance on which he is traveling is attacked by or engages in combat with the enemy. In the latter case, he shall immediately become eligible for the appropriate medal upon the occasion of the attack or combat. In this provision passage as a patient in a hospital ship shall be considered as attached to the ship and not in a passenger status.

(h) On and after 1 July 1945, no individual engaged exclusively on temporary or temporary additional duty shall become eligible for an area campaign medal unless the duties performed by him during his stay in the area are considered by the Area Commander to have materially contributed to the progress of the campaign. Prior to 1 July 1945 no individual was entitled to an area campaign medal for temporary or temporary additional duty unless such duty included a period of at least thirty (30) days in a designated area or unless he engaged in combat with or was subjected to attack by enemy forces. In the latter case he became eligible immediately upon the occasion of the attack or combat without reference to time limit.

(i) In any case, service which entitled an individual to a star as defined in existing orders shall also entitle him to the ribbon of the area in which the service is rendered.

5. The Chief of Naval Personnel, Commandant, United States Marine Corps and Commandant, United States Coast Guard have issued the necessary orders for appropriate entries to be made in the records of personnel entitled to the area campaign medals, for other required reports and records, and for procedure in case records are lost or destroyed.

6. Stars authorized for actual combat in operations and engagements, as authorized by the Chief of Naval Operations, will be worn on the ribbon bar and suspension ribbon of the respective Area Campaign medals and will be known as engagement stars. For the purpose of this order the following definitions are applicable:

(*a*) An "Operation" is a series of connected military actions occupying a specific area and time and may involve many clashes with the enemy.

(*b*) An "Engagement" is an action with the enemy taking place within a restricted time and area, and of sufficient intensity and significance to justify recognition.

(*c*) An "Area" is one of the three geographical areas, viz: American Area, European-African-Middle Eastern Area, Asiatic-Pacific Area.

7. The prerequisite to the wearing of a star on an area service ribbon shall be honorable service in a ship, aircraft unit or shore-based force at the time it participated in actual combat with the enemy. In instances in which the duty performed did not result in actual combat with the enemy but is considered equally hazardous, the Chief of Naval Operations may award an operation or engagement star to the units concerned. Not more than one star will be awarded for a single operation or engagement. Units supporting an engagement or operation, but subject only to the ordinary hazards of war, do not merit an award. (NOTE.—Any ship which has been awarded a Presidential Unit Citation or Navy Unit Commendation for meritorious participation in an action or campaign for which a combat star has been authorized is entitled to that combat star.)

PART II.—INSTRUCTIONS FOR THE USE OF CODE NUMBERS ASSIGNED OPERATIONS AND ENGAGEMENTS PART III

1. The code numbers given to the operations and engagements in Part III are composed of a letter and digit. The letter indicates the Theater of Operation, the digit, the Specific Campaign. "P" is the designating letter for the Asiatic-Pacific area, "E" for the European-African-Middle Eastern area, the "A" for the American area. For example P5 is the code number of the "Pacific Raids—1942."

2. Frequently an operation or engagement is composed of several actions. Each action listed has been further subdivided by a dash and number in sequence. For example, under the P5 Star five actions are listed, P5–1, P5–2, P5–3, etc.. Participation in one or more of these actions entitles an individual to only one Star, the P5.

3. In addition to the above code numbers there are two special series; the "200" series is given for Convoy, Armed Guard, and Special Operations. For example, in Part III P205 was given to Task Group 30.4 for the period 22 May to 15 June 1944. The "000" series is given for "A" and "B" Antisubmarine Assessments. "E001" is given to a ship for its first "A" or "B" Assessment in European waters, "E002" for the second, etc.

4. A Star is authorized for each attack on enemy submarines which have been given an "A" or "B" assessment. However, if the date of this assessment falls within the dates for which another Star has been authorized, no additional Star shall be worn for that period. For example, in the case of the U. S. S. *Bronstein* (DE 189) four Stars have been authorized as follows:

16 Feb 44	31 Mar 44	E216	(T. G. 21.16).
1 Mar 44		E001	("B" assessment).
1 Mar 44		E002	("B" assessment).
16 Mar 44		E003	("A" assessment).

However, the personnel on board the *Bronstein* during this period may wear only three stars, one for each of the "B" assessments (E001 and E002) and one for the "A" assessment (E003), but may not wear one for E216.

5. In some cases no date for the action is given. For example, in the case of Motor Torpedo Boat Squadron (MTBS) 2, the P9 Star is authorized for participation in the "Capture and Defense of Guadalcanal." The over-all date for this operation is 10 August 1942 to 8 February 1943. Personnel who were attached to MTBS 2 during part of this period are not automatically eligible unless they actively participated in the Guadalcanal Area.

6. Attention is invited to P17–6, P22–13 and P28–7 entries. The "Supporting and Consolidation" is not to be interpreted as being all-inclusive, but is to refer only to the dates so specified. For example, under "Naval Gunfire Liaison Officer, 7th Amphibious Force" we note P28–7 is authorized for Wakde Action 5–17–44. To be eligible for this Star, Navy personnel must have been at Wakde on 17 May 1944. This is not to be interpreted as entitling a Naval Gunfire Liaison Officer, who was at Wakde at a time other than 17 May during the period 21 April to 15 November 1944, to wear this Star.

7. In the case of the U. S. S. *Block Island* only one Star is to be worn for participation in T. G. 21.11 and 21.16.

I. REGULATIONS

(A) NAVY OCCUPATION SERVICE MEDAL

1. To commemorate the services performed by the personnel of the Navy, Marine Corps, and Coast Guard in the occupation of the territories of the enemies of the United States during World War II, and subsequent to the surrender of those enemies, the Navy Occupation Service Medal was established and will be awarded to individuals of the above-named services who participated in such occupation according to the requirements of eligibility hereinafter set forth. It is further provided that the Secretary of the Navy may tender this medal to personnel of the Army or other components of the Armed Forces of the United States for services which he may determine to be commensurate and consistent with the services for which the award is made to personnel in the naval service.

2. Eligibility for the above medal requires that the individual shall have been attached to, present, and serving on permanent duty with an organization in the naval service of the United States, or otherwise as provided in paragraph 1 above, during those periods of time when such organization has been credited by the Secretary of the Navy with having performed duty in the occupation of enemy, or former enemy, national territory. Service in a passenger status, or as an observer, visitor, courier, escort, inspector, or other similar status when not permanently attached to an eligible unit, is not creditable towards eligibility for the above medal.

3. Occupation duty in the European-African-Middle Eastern area shall be credited to organizations for duty performed on and subsequent to 8 May 1945, on shore in such parts of Germany and Austria, and from 8 May 1945 to 15 December 1947 in Italy and in such parts of other territories recognized as sovereign to those countries, as are under governmental control of the United States, or of an ally of the United States during World War II, or in ships operating in such home or territorial waters or contiguous ocean area in direct support of occupation or in aircraft based upon and operating from such territories or ships. Services performed in the European-African-Middle Eastern area between 9 May and 8 November 1945, inclusive, shall not be credited toward individual eligibility for the Navy Occupation Service Medal unless the individual is already eligible for the European-African-Middle Eastern Campaign Medal for services performed prior to 8 May 1945.

4. Occupation duty in the Asiatic-Pacific area shall be credited to organizations for duty performed between 2 September 1945 and 27 April 1952,

on shore in such parts of Japan and in such territories recognized as sovereign to Japan, and in such parts of Korea and such adjacent islands as are recognized to be Korean, but exclusive of all the mandated territory formerly administered by Japan, as are under the governmental control of the United States, or of an ally of the United States during World War II, or in ships operating in such home or territorial waters or contiguous ocean areas in direct support of occupation or in aircraft based upon and operating from such territories or ships. Service in the Korean area, on and subsequent to 27 June 1950, determined by ComNavFE as eligible for the Korean Service Medal, will not be creditable towards eligibility for the Occupation Service Medal. Services performed in the Asiatic-Pacific area between 3 September 1945 and 2 March 1946, inclusive, shall not be credited toward individual eligibility for the Navy Occupation Service Medal unless the individual is already eligible for the Asiatic-Pacific Campaign Medal for services performed prior to 2 September 1945.

5. The Navy Occupation Service Medal shall not be awarded for any service for which another medal is authorized, except as provided in paragraphs 3 and 4 above. Not more than one Navy Occupation Service Medal will be awarded to any individual regardless of whether service has been performed in different areas or places at different intervals of time. Appropriate clasps marked "Europe" and "Asia" are authorized to be attached to the ribbon of the medal to denote service in Europe and Asia respectively. No distinctive device to denote possession of the above clasps is authorized for wearing on the service ribbon.

5 (*a*). Naval personnel serving ninety consecutive days or more on permanent or temporary duty while assigned or attached to a unit which has been designated by the Chief of Naval Operations as participating in direct support of the Berlin Airlift between 26 June 1948 and 30 September 1949 are eligible for the Navy Occupation Service Medal and the Berlin Airlift Device. The Berlin Airlift Device is a gold-colored miniature of a C–54 type aircraft and is to be worn on the service ribbon and suspension ribbon of the Navy Occupation Service Medal with the nose pointing upward at a thirty-degree angle and toward the wearer's own right. The device is of three-eighths inch wing span, other dimensions proportionate.

(See Part II (*c*) for list of units eligible.)

6. Individuals in the naval service who have been or may be tendered the Army of Occupation Service Medal by the Department of the Army and who become eligible for the Navy Occupation Service Medal shall not be entitled to both medals, but may elect which medal to accept. By agreement between the Army and Navy Departments, however, the Army of Occupation Medal will be awarded only to Army personnel and the Navy Occupation Service Medal will be awarded only to personnel of the Navy, Marine Corps, and Coast Guard. Personnel enumerated above who, by virtue of their having served under Army command and who will not be awarded the Army of Occupation Medal as a result of the above agreement with the Department of the Army, will, if otherwise eligible, submit application to the Bureau of Naval Personnel, via appro- Service Medal. (ALNAV 25 of 22 Jan. 1947; N. D. G. O. No. 255 of 28 Jan. 1948.)

(B) China Service Medal (extended)

1. The commemorative purposes for which the China Service Medal was established and authorized by General Order No. 176, dated 1 July 1942, are extended to include the services performed by personnel of the Navy, Marine Corps, and Coast Guard during the operations in China subsequent to 2 September 1945, and until a terminal date to be designated. It is further provided that the Secretary of the Navy may tender this medal to personnel of the Army or other components of the Armed Forces of the United States for service which he may determine to be commensurate to and consistent with the services for which the award is made to personnel in the naval service, and this provision for tender shall apply for all periods of time for which award of this medal is authorized.

2. The medal will be awarded to individuals who shall have been attached to, present, and serving on permanent duty with an organization of the naval service of the United States credited by the Secretary of the Navy with having participated in operations in China. Service in a passenger status, or as an observer, visitor, courier, escort, inspector, or other similar status when not permanently attached to an eligible unit, is not creditable toward eligibility for the above medal. Services performed in the Asiatic-Pacific area between 3 September 1945 and 2 March 1946, inclusive, shall not be credited toward individual eligibility for the China Service Medal unless the individual is already eligible for the Asiatic-Pacific Campaign Medal for services performed prior to 2 September 1945.

3. Organizations will, consistent with the above dates, be credited with qualifying service for services performed on shore in China and such adjacent islands and territories as are recognized to be Chinese, or in ships operating in such territorial waters or contiguous ocean areas, or in aircraft based upon and operating from such territories or ships.

4. The China Service Medal shall not be awarded for any service for which another service medal is authorized except as provided in paragraph 2 above and not more than one medal shall be awarded to any individual. No clasps, distinguishing devices, or other insignia are authorized to be worn on the corresponding service ribbon except that individuals to whom the medal has been or may be awarded for service performed under General Order No. 176, of 1 July 1942, shall upon becoming eligible for this award for service performed subsequent to 2 September 1945, wear a bronze star signifying the second award on the ribbon of the medal and on the service ribbon.
