Use the following Instructions for use in finding the correct 3-5 character Grade and 2 character Paygrade designators input for Form 165/3 block 13.

1. Press the “CTRL” (control key) and the letter “f” key simultaneously to bring us the Microsoft Find Window.
2. Type in a key word or designator that you believe would indicate the Grade or Description you are seeking to find.
3. Hit the “Enter” key to display the first occurrence in the document of that key word. It is not recommended that you use common words such as Aviation, Recruit, seaman, etc, as they are not unique. Words such as missileman or photographer will usually find unique rating listings.
4. Continue this process until you find the desired rating list.
5. Use the corresponding Grade and Paygrade to fill in block 13.
